

midwesco[®] Leak Seeker[®] Flashlight

We Take The Dust Out of Industry![®]

Most Powerful, Portable UV Leak Detector

This cordless, compact, lightweight flashlight is the perfect tool to check for those hard-to-reach places!

Midwesco[®] now carries the Optimax[™] portable UV leak detector flashlight. The Optimax[™] flashlight makes it easier for your technicians to pinpoint all types of leaks without the hassle of tangled cords.

The specialized super-hi-flux LED technology delivers 10 times brighter ultra-violet light than traditional LED lamps; plus it is compatible with all leak detection powders! The lamp is powered by rechargeable NiMH batteries that provides up to six hours of operation between charges.

The Optimax[™] makes all manufacturers' fluorescent powders glow brighter, so your technician does not waste time trying to match a powder to the right lamp for the best results. The Optimax[™] also has an inspection range of 5 feet (1.5 meters).

Optimax

GO WHERE THE BIG LAMPS CAN'T!
