

MIDWESCO CASE HISTORIES

TASK America HEC Cleaning Success Story at an Asphalt Plant

Midwesco Filter offers this testimonial for your consideration as it relates to TASK America- HEC Cleaning Service. TASK America is another Albarrie innovation shared with Midwesco Filter.

“In preparation for a stack emissions testing at two BMC asphalt plants, TASK was contacted for pricing. We at BMC decided to use the service rather than buy new filter bags. Resulting was a 50+% savings, and service at both plants was completed in several hours over a weekend outage. The bags were cleaned to like new flow levels. We experienced no loss in production. Thus, when future problems arise, I will consider HEC cleaning services!”

- Jim Chenoweth, Asphalt Superintendent, Better Materials Corp.; Western Division
