

midwesco[®] Tube Line Cleaner[™]

“We Take The Dust Out of Industry!”[®]

GOOD DECISIONS . . . REQUIRE GOOD DATA.

Do You . . .

- Control Equipment Operations Using Pressure Data?
- Monitor Pressure Data?
- Require And Record Accurate Pressure Data?

Then You . . .

- Must Believe Your Instrumentation!
- Must Insure Data Accuracy!

Midwesco's **Tube Line Cleaner[™]** (TLC) (Patent pending) solves the problem of inaccurate pressure data. Automatically—Absolutely—Every day. Our Tube Line Cleaner[™] is suitable for a wide range of applications where pneumatic tubing must remain clear from blockage. Tube Line Cleaners are typically installed in applications that include pressure sensor lines used with Demand Controllers in dust collectors.

Benefits Include:

Automatic Line Clearing
Effective Filter Differential Pressure Measurement
Allows Continual Reliable Use of Pressure Sensors in the Dust Collector
Minimizes Dust Ingress into Equipment Mounted to the Lines — Reducing Severe Equipment Damage
Optional Programmable PLC
Optional Integral Pressure Transmitters
All Connections are Pre-Installed
